Match Reporting-Mandatory Match Reports:

Once your match is over, it is important everyone understand how successful, fun, and memorable your match was! To ensure your match is presented in the best light possible, here are a few things you can do that will help make the task easier:

- Make sure someone is assigned BEFORE the match to write the match report.
- Make sure plenty of good quality photos are taken at the event.
- Submit the match report text in Word (800-1500 words). Please don't supply a list of stage scenarios.
- Select less than a dozen good photos (not "thumbnails") and develop captions for the pictures. Captions are one or two sentences that tell us something besides the obvious about the picture.
- Select a couple dozen (at most) photos that best represent the match and submit those for a collage. (Please DO NOT submit 400 photos and ask the editors to choose!)
- Submit all of the above to *The Cowboy Chronicle* for publication directly to the Editor-in-Chief, Skinny (Leonard Clark) at: editor@sassnet.com or via the SASS Office at: sass@sassnet.com no later than 60 days after your event.
- **Failure to submit a match report may result in revocation of your sanctioning status in the future.**

Sale of Score Enhancing Items:

- SASS Territorial Blackpowder Shootouts may not sell or otherwise incorporate any score enhancing items such as "Free Misses" or "Do-overs."

Determining the SASS Territorial Blackpowder Shootout Winner:

SASS Territorial Blackpowder Winners are recognized in each category. The highest-ranking person in each category, regardless of their state, will be the category winner.

No "overall winner" of the match is to be recognized. Categories are not equal and competitors in different category do not necessarily have to shoot stages in the same order, so everyone is not necessarily shooting the same match. (For example, Gunfighters may be allowed to shoot their revolvers "back to back" where others are required to shoot revolver-rifle-revolver. Plainsmen may be allowed to shoot the match, but engage fewer rifle targets than a Traditional competitor).

Level I Certification:

It is required all Territorial Blackpowder Shootout Range Officers have completed the SASS Range Operations Safety Course within the last 3-5 years.

Minimum Size Targets at Maximum Distance:

These are the minimum standards only. Designers are encouraged to use larger targets for the distances indicated when at all possible for main stage scenarios. Measurements of targets do not include appendages, and must offer continuous steel for compliance.

- **Revolver target** distance is 7 to 10 yards and minimum target size is 16" x 16"
- **Shotgun target** distance is 8 to 16 yards and minimum target size is 16" x 16"
- **Rifle target** distance is 13 to 50 yards and minimum target size is 16" x 16"

SASS Shooting Categories:

SASS Territorial Blackpowder Shootouts are required to offer a variety of shooting categories. Categories are divided into two main divisions, **Frontier Cartridge** and **Frontiersman** (Cap and Ball). Each division can offer Wrangler, Cowboy, Duelist, Gunfighter, Cowgirl, Lady Wrangler, Lady Duelist, Lady Gunfighter, Senior, Elder Statesman, Lady Senior, Grande Dame, Young Gun, Buckaroo, Classic Cowboy, Classic Cowgirl, and Plainsman.

In the interest of ensuring and promoting a true competitive environment at this level of SASS shooting competition with the sport of Cowboy Action Shooting™, it is highly encouraged all categories have a minimum of 3 registered shooters in ladies categories and a minimum of 7 registered shooters in open categories. There is no mandated limit on Junior, Buckaroo/Buckarett, as well as Elder Statesman/Grand Dame, and +.

Recommendations:

Please refer and adhere to the SASS Match Administration and Stage Design documents on the SASS Website for guidance regarding appropriate match and stage design.

It is recognized an "all blackpowder" match incorporating all the categories in the SASS Shooters Handbook "bends" the stated rules regarding propellants. All firearms must use blackpowder or SASS acceptable substitutes that generate smoke at least equivalent to 1 CC of blackpowder.
